Hi Erin- Below is the information for National Grid. Also, to clarify my language change on ASRAC, Tom Coughlin of our office said his term ended in 2014 so we have not been participants since then.

Also, I believe Cape Light Compact will be signing as well. Let me know if you don't hear from them so I can nudge them if needed...

Kevin Rose
Sr. Program Manager, Mass./R.I. Codes & Standards
National Grid

And logo for the top line...

Hi Erin- Please see attached for our final MA letter. Note that it includes the following minor changes from the version you distributed in the preceding message:

- Removed/edited sections related to ASRAC participation (all signing parties were either never part of this committee or are no longer members)
- A few additional syntax edits, word replacements, and formatting changes that do not change the content of the letter

Each signing party will now provide you with their signatory information and logos individually (as well as number of customers served). Let me know if you have any further questions or if I can help coordinate further.

-Kevin

All,

On behalf of Mary Anderson, I have attached for the updated version of the comment letter (in both tracked changes and clean). We highlighted a few areas of text regarding the number of customers the Energy Coalition serves, the logos, whether the Energy Coalition participates in ASRAC, and the signatories. Please let me know how you'd like to proceed in these areas and I will update the final version.

Let me know if you any further comments.

Thank you,
Erin

All- Please see attached for my comments which build off the previously sent versions. As a reminder, Mary has set a deadline of tomorrow COB for our comments on this.

I made the following edits to the document:

- Rearranged narrative to elevate one important section (EPCA safeguards) that, IMO, was previously a bit buried
 - In doing so, added section titles and supporting language to improve readability/flow
- Underscored key points in question response section
- Took care of a few grammatical/consistency/typo fixes (but thank you to Mary (Downes) and Margaret for taking care of most of these already).

Subject: RE: EXT || DOE Regulatory Reform RFI DRAFT Comment letter

This is pretty dense reading for sure. There is one thing that caught my attention and that was the comment that there should be some focus on water efficiency due to the severe droughts we have been experiencing. There is another angle that could be promoted here. Electric generation consumes tremendous amounts of energy in the country so it would seem we could quantify water savings being achieved already even from those appliances that don't have water consumption directly.

Subject: EXT || DOE Regulatory Reform RFI DRAFT Comment letter

We have a DRAFT RFI comment letter for your review. We have modified the comments based upon feedback from Eversource as a beginning point. Please review the comment letter and provide your input by COB July 11, 2017. The revised comment letter out on July 12th for final review and approval. Final approvals will be due by COB July 13th along with the appropriate logo for use on the letter, signatory name and signature. Please let me know if you have any questions or would like to talk through the comments or the process. Thanks for your help!
