Hi Bo & Daniela,

agreed that the wording of hope vs. plan is not a big deal obviously, but I am also suggesting to skip one of the proposed tests altogether. We should probably have looked at that before the doc went out. Let's revisit as part of writing the test plan.

The changes seem minor and I haven't received any feedback from the IOUs so I will accept these changes for my files and print us each out a copy for tomorrow but I will not send the revised to the IOUs.

Thanks!

Hi Daniela,

I had not incorporated Marc's comments to that version yet, I'm sorry. I see that you sent it out already. I created this new attached version with track changes. If you don't mind and you agree, may you please resend this version to the IOUs, after you review and accept changes?

Thanks,

Bo
