Subject: [EXTERNAL] RE: EPA WaterSense NOI to Develop a Draft Specification for Bath and Shower Diverters dated April 27, 2017

Marc, If your plan is to submit comments by the end of July then there is plenty of time. We generally accept comments on a rolling basis until we feel we have enough information to develop a draft specification.

Please feel free to contact me if you have any further questions.

~Regards~

Subject: EPA WaterSense NOI to Develop a Draft Specification for Bath and Shower Diverters dated April 27, 2017

Dear Mrs. Tanner:

This memo is on behalf of SoCalGas, and in turn on behalf of the California Investor Owned Utilities (CA IOUs), in regards to EPA's aforementioned Notice of Intent.

NegaWatt Consulting has been asked to assist with the development of a comment letter for publication in the subject matter's docket. We anticipate completing the letter approximately by the third week of July. We understand there is presently no formal deadline. We would appreciate a quick note should that change.

We are also assisting the CA IOUs and the California Energy Commission (CEC) with the development of a Codes and Standards Enhancement (CASE) report regarding California's Title 20 Tub Spout Diverter regulations. We understand that you submitted comments to CEC docket 17-AAER-09 on behalf of EPA WaterSense in this regard.

The CA IOUs look forward to constructive discussions with the EPA on these topics.

Please feel to reach out to us anytime should you have questions or comments.

The senior engineer assigned to this project at NegaWatt Consulting is Mr. Bo White. You can reach him via email at bo@negawattconsult.com, or by phone at (619) 309-4191, extension 17. The project's lead at the CA IOUs is Mrs. Daniela Garcia of SoCalGas. You can reach her at dgarcia3@semprautilities.com or by phone at (951) 847-1022.

Thank You and Best Regards,

Marc Esser, on behalf of the California Investor Owned Utilities
