4:30p	Meeting Adjourn		Meeting evaluation form	Facilitator

**Itron, with oversight from the CPUC, has created a metric, or score, that is intended to help understand and evaluate the effectiveness of California’s nonresidential energy efficiency programs. The metric highlights program achievements both in terms of the depth of savings achieved and the cost effectiveness of those savings. At issue is whether the metrics can provide value in the completion of the PA Business Plans due January 15.*
