

A.17-01-013, et al.
SDG&E 2018-2025 EE Rolling Portfolio Business Plan
ORA DATA REQUEST No. ORA-A1701013-SDGE001 Dated March 1, 2017
Question 12
Submitted: March 22, 2017

Utility Procurement Plans

12. Will you seek to contract with a single, third-party implementer to design and implement a single intervention strategy?
- a. If so, why?
 - b. If not, why?

SDG&E Response:

- a. SDG&E intends to solicit the market based on opportunities or gaps that are identified within the portfolio, and to look for solutions that offer tactics and strategies that will help meet its business plan goals. Bidders may respond with a proposed program which has been designed and will be implemented for a single intervention strategy, and selection of that program design will be based on its ability to meet the goals of SDG&E's portfolio. SDG&E may contract with a single, third-party implementer or multiple third-party implementers for a single intervention strategy to meet the needs and goals for that strategy.
- b. Please see response to Question 12(a) above.
