Hi Daniela,

Do you have an update for us on this? How can we assist further? The DOE deadline is tomorrow.

Thanks,  
Bo

Hi Sue,

please find attached our updated version of the RFI response, in two versions

- marked up, where all previous edits were accepted excepts yours and Daniela's.  
Bo's and my new additions and deletions are tracked, too.

- same as above but completely clean of any tracking, comments or author information.

I attached a few additional ideas in a separate document that we already know are most likely going to be socialgas only, so we haven't fleshed them out or included them yet.

The LCC methodology and problems we see with its data were socialgas-separate earlier, but are now included in Question 4 of the main file.

Take that, PG&E ;)  
Cheers
