		Requester:	Thomas A. Enslow

SUBJECT: APPLICATION OF SOUTHERN CALIFORNIA EDISON COMPANY (U338E) FOR APPROVAL OF ENERGY EFFICIENCY ROLLING PORTFOLIO BUSINESS PLAN AND RELATED MATTERS. CCE-DR01

QUESTION 26

Have the IOU WE&T programs established the minimum knowledge, skills and abilities (KSAs) necessary to ensure quality installation for any specific energy efficiency measures or energy efficiency occupations? If yes, please identify the KSAs and please provide copies of any studies or reports upon which the KSAs are based.

ANSWER 26

PG&E has not established the minimum knowledge, skills and abilities (KSAs) *per se*. However, the General Conditions for Customer Energy Services contracts (a copy of which was provided in response to Question 6) requires contractors to employ personnel qualified to perform the work (at Section 2.5.2) and requires contractors to comply with all applicable federal, state, and local laws, rules, and regulations, and to obtain all applicable licenses and permits for the conduct of its business and the performance of work under each contract (at Section 10.2.) Some of these laws may relate to the training and skill of workers employed by PG&E's contractors..
