This is a really long doc but can you review page 2 paragraph : *Energy Efficiency Regulation Impacts: States and Utilities* since they mention ZNE.

Thanks!

Dear Bijit,

My comments are attached. Would you please let me know if my comments make sense to you ASAP (especially the sentence that contains "108 percent")?

If you are O.K. with my comments, can you send a cleaner version ASAP so that I can take steps to get approvals?

Thank you.

P.S. This comment letter is far better than I expected. Thank you.

Attached is the draft comment letter on the DOE RFI. I appreciate everyone's time to get the outline done, this is a pretty meaty letter. Please review and send Bijit and I your comments by COB July 10, 2017. We will revise the letter and get it back to the team by July 12th for final approval. If you have any questions please let me know. Thanks!!!

Mary
