Should be put this in?
I forgot about it

Hi Marshall: I noticed that you did not use the table you put together showing that furnace and heat pump makers are largely the same. Can Tim or I use take this table from your draft comments for our final comments?

Tim: If you are addressing this manufacturer impact issue, I don't think I need to. Please let me know.

Andrew

Here it is
I am having others do a final reading of it to find typos and other bugs.
But this is nearly final.

Also, do you have a new draft or your comments -- I'm looking at one with the tables still largely blank. Andrew

Andrew and Steve

How can we energy efficiency advocates submit our response to the GTI report?
