Where: **PG&E's Pacific Energy Center, Green Room**

@ 851 Howard Street, San Francisco

Off Site: <mark>**WEBEX and CALL IN to be PROVIDED BY PG&E or CAEECC Coordinators**</mark>

Discussion Focus for Each Sector/Cross-Cutting Portfolio Component:

1. What efforts will be required of the parties to achieve and track Energy Divisions' proposed common metrics?

- Are there particular resources or expertise deficits that would present challenges in meeting the proposed metrics?
- What suggestions does the group have for PA's overcoming these challenges?

2. Do parties have suggestions for additional or alternative metrics that might more comprehensively and effectively ascertain program and portfolio achievements?

- How would these additions or alternatives improve ability to report on portfolio status?
- What challenges do parties have with regard to compliance with the proposed common metrics?
- How can those challenges be addressed?
