Hi Bo White,

Thank you for reaching out with regards to the tub spout diverter CASE project. We are declining the opportunity to speak with your organization in the interest of leveraging broader inputs from a larger group of manufacturers that includes our voice (i.e. PMI or Plumbing Manufacturers International). I apologize for the inconvenience caused and thank you again for the consideration.

Thank you,

Jan C van Leyen

Subject: Tub spout diverters: Request to set up a call

Hello,

NegaWatt has been retained by SoCalGas on behalf of California's Statewide Utility Codes and Standards Team to be the technical lead of the Title 20 tub spout diverter Codes and Standards Enhancement (CASE) project. We're interested to get your valuable input and would like to please schedule a 30 – 45 minute phone interview. If you are available, may you please let me know your preferred date and time? If you are not the appropriate person in your organization to ask, may you please direct me to them?

--

Thank you,

Bo White, PE
